
Hive

SMALL TABLES

Atelier Oi

Description

Delicately poetic, Hive is an original combination of ottomans and small tables. The former have a three-dimensional surface springing from the assembly of small leather petals discarded from the manufacturing process. The latter, instead, are obtained from a folded metal sheet. Inspired by the structure of the beehive, Hive is a green accessory rooted in manual expertise and geometry.

Technical information

Seat (H61P):

multilayered wood panel, MDF wood fibre panel, shaped polyurethane, polyurethane, cover in polypropylene and polyamide

Support frame (H61P):

black chromed drawn steel

Cover (H61P):

leather in limited categories

Frame and top (H58T-H50T):

bronzed nickel painted steel sheet

Ferrules:

plastic material
