PASSION

DESCRIPTION

Coiffeuse. Passion represents the latest addition to the collection of vanity tables by Armani/Casa. Born from the reinterpretation of the iconic Giunone desk, this coiffeuse is marked by sinuous lines perfectly matching the delicate hues of green of the materials: the leather-clad structure is completed by a top in natural quartzite and detail in satin-finished brass. The coiffeuse features 8 drawers with matt black interiors in wood, which can be used to store jewelry, perfumes and make-up, but also stationery and writing instruments. The Passion range is completed by a stool and an optional mirror (featuring a LED system to light its frame), that can be bought separately.
