

BONALDO

Roll

Designer: **Dondoli and Pocci**

The Roll walk-in closet is inspired by the bookcase with the same name designed by Dondoli and Pocci. It is a functional piece of furniture with a striking theatrical effect, designed with proportions, sizes and accessories suitable for the walk-in cupboard function. It is completely

open, designed for linear solutions with wall fixings: its frame is in lead while the shelves are available in lead-coloured painted wood or Canaletto walnut to obtain an elegant contrast. Wooden containers and space-saving storage boxes can be positioned according to needs.
