

Dambodue

SOFAS

2024

Piero Lissoni

Description

The Dambo sofa family expands with Dambodue, a new version with a particularly generous shape and richly upholstered back and armrests. The seat is direct and rests on the floor, emphasised at the base by a bronzed nickel painted profile that gives it a particularly strong character. While presenting linear geometries, the design has been carefully studied to ensure comfort and functionality. In fact, Dambodue proves to be surprisingly comfortable and cosy, while maintaining a seat with limited depth. The range includes the linear sofa in two- and three-seater versions and a variety of elements to create different types of compositions.
