

Alcor

STORAGE UNITS

2014

Antonio Citterio

Description

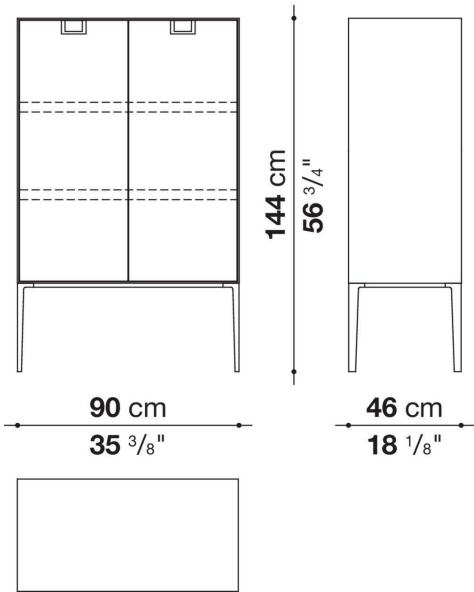

Alcor is a family of cabinets, sideboards and consoles marked by rigorous aesthetic paired with precious wood surfaces, expression of the excellence of Maxalto's artisan processes. Offered in different configurations, dimensions and heights, with hinged and flap doors, drawers and open compartments, these pieces have an inlaid damier checker board pattern in various woods to choose in the various finishes included in the collection. A further treatment of the surfaces make them special and precious with chromatic variations of shellac. The latter, combined with the coloring, makes you think of the East, but is at the same time an expression of great craftsmanship. The entire series has a visually light structure with painted aluminium supports.

Technical information

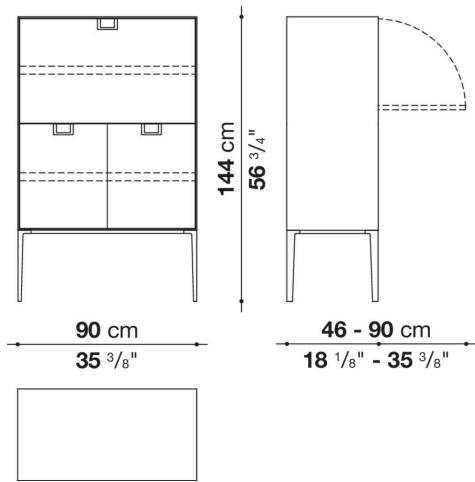

External and internal frame
MDF wood fibre panel
Flap door compartment internal frame (LX02-LX02LQ-LX02TQ)
reflective material
Drawer frame
MDF wood fibre panel and bottom base in wood particles with melamine faced cover
Internal shelf
plywood panel with honeycomb-core and wood particles
Open compartment shelf
MDF panel
Flap door compartment shelf (LX02-LX02LQ-LX02TQ)
toughened glass
Handle
die-cast zama
Support frame
die-cast aluminium and extrusions
Adjustable feet
thermoplastic material
