

NOOK Side tables in glass

Designer: Arianna Crosetta - Studio MILO

Year: 2025

DESCRIPTION:

The versatile and lightweight side table, available in two different heights, is designed as a support surface next to a sofa or armchair, or as a discreet but functional element in a lounge space. The coffee table with its cylindrical shape was designed with the marble base - available in the Calacatta, Nero Marquina, Emperador Light, Verde Alpi and Botticino finishes - full up to half height, and then continues in a leather-covered C. The base is equipped with a metal plate to ensure greater stability, while the glass top houses a glossy lacquered wooden tray.
