Sofas & Armchairs / Armchairs / London Collection - Act II/ 2025

Echoing the clean, linear silhouette of the Barnes dining chair, the Putney armchair subtly references the design language of the original 2015 London Collection. Its elegant leather seat is embraced by a solid oak frame, with gently resting armrests that enhance both comfort and character in this timeless piece by [David Collin Studio](https://www.davidcollinsstudio.com).
