

AGADIR

CHAIRS | Outdoor
PAOLA NAVONE

Agadir is an outdoor chair designed by Paola Navone for Baxter, created to inhabit open-air spaces. Its sculptural character engages with the horizon: the cast aluminum surface, intentionally irregular, captures sunlight reflections and garden shadows, transforming throughout the day. The woven leather seat adds a tactile warmth that contrasts with the austerity of the metal, offering comfort that invites relaxation in the greenery or by the pool. A play of opposites that encourages pause, turning every garden into a refined retreat.

Structure: cast aluminum structure with finish of your choice.

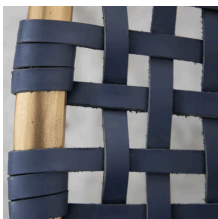

Padding / Filling: freestanding seat cushion in microfiber with water-repellent cover for outdoor use.

Decoration: weaving available in a single shade.

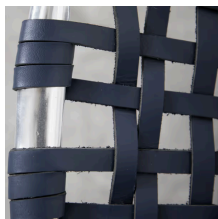

Covering / Coating: removable seat cushion cover.
