CHAIRS | Outdoor
STUDIOPEPE

The Dabliou Outdoor chair and stool, born from Studiopepe's vision for Baxter, embody agile design, created to inhabit open spaces with unparalleled ease. In light-filled environments, such as poolside areas or gardens, these pieces stand out for their sleek silhouette, which does not seek to dominate the landscape but to harmonize with its flow. The use of metal tubing creates a clear graphic line that defines the space without overcrowding it, making these pieces ideal for flexible layouts where the leather or fabric chair and stool can be moved to follow the horizon or optimal sun exposure. Dabliou is the lightest and most dynamic element of Baxter's outdoor collection: furniture designed for those who experience the outdoors as a territory to explore, a constant invitation to spontaneous conviviality where designer design merges with the joy of time spent in the open air.
