TILE

Collectible
DRAGA & AUREL

The Tile coffee table, born from the vision of Draga & Aurel for the Baxter Collectibles capsule collection, is the pure distillation of the original concept: the tile as a universal module. Here, geometry becomes an everyday object, a table that synthesizes the designers' poetic vision into a compact volume with intense magnetism. Designed as a meeting point between form and light, the Tile coffee table plays with the compositional potential of materials, creating an original contrast between the rigor of design and the naturalness of craftsmanship. It is a piece of furniture that invites touch, a surface that explores the relationship between tactility and function. Perfect for refined living spaces, the Tile coffee table does not simply complete a room, but reorients it, becoming the focal point of an aesthetic dialogue suspended between the rigor of artisanal technique and the boldest artistic gesture.
