AMIRA

ACCESSORIES | Indoor
BAXTER P.

An exclusive creation by Baxter P., Amira is a modular freestanding system that redefines the living space with architectural elegance and timeless poise. Inspired by the visionary architect Luigi Moretti, Amira balances lightness and solidity in a refined dialogue between smoked glass, burnished brass finishes, and marble bases adorned with exquisite leather details that tempt the touch. Its extraordinary versatility allows for a variety of configurations—linear, L-shaped, T-shaped, or cross-shaped—offering a naturally elegant response to the demands of contemporary living. At once a stylish room divider for open spaces, a feature wall that enhances the living room, or a self-contained micro-architecture, Amira reshapes the domestic experience. Available in both a freestanding version and an elegant wall-mounted solution.

Model: modular article. Assembly required.
Structure: display cabinet with smoke-coloured glass shelves.
Plan / Surface: brass base and details with finish of choice.
Feet / Legs: irregularly shaped leg made of marine plywood coated in stone with water-repellent protective oil. Irregularly shaped leg made of poplar plywood covered in leather.

Available in a single type of leather and colour.
