SYD

ACCESSORIES | Indoor
BAXTER P.

Syd is a visionary tribute to Syd Barrett and to music as a total sensory experience. More than an audio system, it is a work of fine woodworking where the solid poplar burl structure, marked by rhythmic slats, visually and acoustically accompanies the propagation of sound. The cabinet floats in space, suspended on a metal stand that enhances its sculptural presence. Inside, the technological heart—a tube amplifier made by Tektron exclusively for Baxter in class A, handcrafted in Italy with Canaletto walnut and copper—ensures timbral excellence and naturalness. The integration of audio components from prestigious brands elevates Syd to a high-end hi-fi system. From the quality of cables to energy purity, every detail is designed to offer an authentic listening experience. With Syd, the cabinet becomes an integral part of the musical narrative, celebrating the perfect union of craftsmanship and analog spirit.
