# TILE

Collectible
DRAGA & AUREL

The Tile collection, designed by Draga & Aurel for Baxter's Collectibles capsule collection, transforms the concept of the tile into an architectural system capable of inhabiting space with sculptural strength. In this selection, which includes boiserie, cabinets and sideboards, the geometric module becomes the starting point for a volumetric narrative that challenges the boundaries between art and design. Each element of the series is an exercise in material experimentation: the tile becomes skin, cladding and structure, defining surfaces that capture light and reflect its ever-changing nature. Baxter's research elevates these geometries into unique compositions where rigor and freedom are in constant dialogue. The boiserie envelops walls, transforming them into tactile scenographies, while the cabinet and sideboard assert themselves as sculptural presences with a strong identity, designed for those who seek not simple furniture, but pieces in which material truly comes to life.

**Structure:** structure in plywood and MDF (furniture) or in aluminum honeycomb panel (mirrors), with matte black lacquer finish.
**Feet / Legs:** central leg in polished steel.
Adjustable feet.
**Covering / Coating:** external covering in metal and leather.
